

**1PK-3179**

# 5 PCS SPUDGER/PRYING TOOL ASSORTMENT

This set contains 5 tools for opening and prying tablet computers, cell phones, monitors and disconnecting small electronic components without damaging housing or parts. Ideal for most brands of smart phones, video games, notebooks, electronic devices, such as Apple, Samsung, HTC, Nokia, Sony, Motorola, LG and more.

1,2,3. The prying paddle and opening levers are made of Polyoxymethylene (POM) to prevent scratching or chipping your plastic case.

- 4 The double-ended metal spudger is widely use to open cases that require more leverage or a sharper tip.
- 5 The Nylon aid tool is reinforced nylon and a handy heat resistant tool, suitable for catching and bending small wires or opening cases.

# DESOLDERING PUMP

## High Suction Power

- Piston with double O-rings avoids the air leakage and maximizes suction power.
- Suction Capability: 32cm-Hg, quick and easy to clean solder residues.

## Easy Cleaning without Tool

- Transparent tube is easy to check the volume of solder residues.
- Replacement heat-resistant Teflon tip resists distortion.

## User-Oriented Design

- Nonslip handle design to hold the pump tightly.
- Compact size for one hand operation.
- Ideal desoldering tool to rework or repair circuit boards.

Piston with double O-rings avoids air leakage

Detachable pump is simple to clear solder residues

Transparent tube is easy to check solder residue

OAL : 210 mm
