HEAT GUN WITH LCD DISPLAY

902-458 LCD Heat Gun comes with LCD display which provides a powerful and accurate space heater with two air-flow settings to get the job done well. Includes: 4 nozzles and 1 scraping tool which can be used for a wide variety of applications, such as bending and forming plastics, drying body fillers, removing decals, spot drying paint, shrinking tubing, packaging and more.

FEATURES:

- Large LCD display for easy monitoring.
- Adjustable temperature from 158~1022 °F (70~550 °C) with two air-flow settings.
- Smart overheat protection design.
- Air flow and temperature electronic control system maintains constant temperature for consistent heating application.

CAUTION : For safety, after using this product for one hour, please shut-off for 10 minutes to cool down. If this product is overheating after shut-off, the protection function will be engaged and make this appliance shut off for 10 minutes. To prevent any overheating problem, never put the appliance down on its air outlet nozzle. Always keep its outlet nozzle upward or put it on one of its sides.
