

The Cleerline™ SSF-ITB2 Indoor Plastic Enclosure provides space for up to 2 feed-thru adapters. The Indoor Plastic Enclosure is designed to fit in small spaces, including behind television and display screens. The convenient design provides secure cable winding for an organized installation.

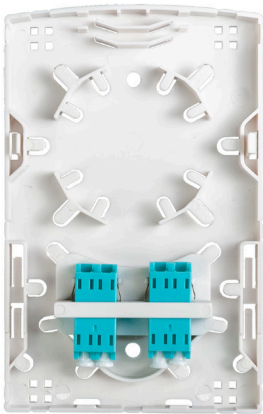

This enclosure features an easily removable, snap-on cover panel. The lower portion of the cover slides up for easy access to the external side of the feed-thru. Inside the enclosure, a winding area provides further cable management.

FEATURES AND BENEFITS

- Accommodates up to 2 feed-thru adapters
- Lower part of cover slides to allow easy feed-thru access
- Cable winding area
- Low profile for smaller space installations
