MANUFACTURER OF FASTENING SUPPORTS

Bridle Ring

Bridle Ring with Wood Screw Thread

Fast and cost-effective alternative cable management solution for voice, data, low voltage or video cabling pathway applications

Features:

- Crafted from heavy-duty, zinc plated steel which allows for great durability & corrosion resistance
- Available in 1.25" and 2" ring diameter with 1.5" stem
- Designed with open loop for quick & easy cable installation
- Provides support for CAT5e/CAT6 category cable, low-voltage wire, coax, signal & control cable and electrical wire up to 600V
- Quick & easy installation without specialized tools and equipment
- Wood screw thread to drive directly to wood structure
- Supports up to 50 lbs
- UL & CUL listed

Application:

- Provides support in the distribution of wire & cable bundles
 - Network/Data
 - Telcom/Voice
 - Broadband, Satellite, CCTV
 - Low Voltage/Security/Fire Alarm
 - Signal/Control Cable
 - Electrical Wire

Installation:

- Drives directly into wooden beams, ceiling joists, backboards and studs
- Used for horizontal or vertical cable runs

engineered and manufactured to make installs easier

Bridle Ring

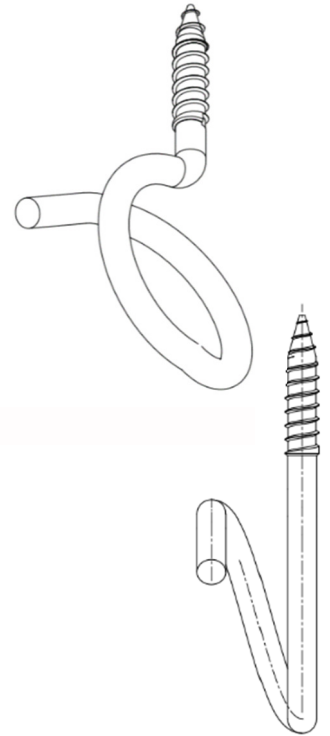

Part Numbers

Part #	Description	Box Qty	UPC
WBR125WS	1-1/4" Bridle Ring, 1.5" Stem, Wood Screw	100	811443030796
WBR200WS	2" Bridle Ring, 1.5" Stem, Wood Screw	100	811443030802

- | Drives directly into wood with no tools, clamps, or fasteners necessary |
- | Fast and cost-effective way to support category, voice, security, fire alarm and video cable |
- | Great low-cost alternative to j hook or cable tray |
- | Can be used on walls or ceilings, making them ideal for multi-directional cable runs |
- | If using a bridle ring with high performance data cable, a saddle is required to ensure proper bend |
- | Non-continuous supports may not exceed spacing of 5' per TIA 569-C.9.7 |
