

Beam Clamp

Pressed Beam Clamp for 1/2" Flange

Provides a mounting base for quickly and easily fastening cable management hardware to an I-beam or girder

Features:

- High-strength, zinc-plated pressed steel
- C type clamp fits flanges 1/8" up to 1/2" thick
- Serrated jaws for additional gripping power to securely clamp to flange
- Saves time as no specialty tools are required for installation
- Universal design allows for use with a multitude of cable management hardware
- 1/4" x 20 threaded holes tapped on the back and bottom of clamp for 3/4" threaded rod
- Supplied with an installed 1/4"-20 x 1" combination Philips/slotted hex head machine screw
- Set screw tapped at an angle to firmly lock on to steel beam
- UL & CUL listed

Application:

- Provides base support for 1/4"-20 hanging rod, j hooks, bridle rings, conduit hangers, ceiling wire, and other cable management hardware

Installation:

- Attaches to beam flange up to 1/2" thick
- Secure with the included bolt using a 3/8" socket driver or Philips head screwdriver
